By Daniel Tesfamariam

THE SOCIAL MEDIA MONEY MACHINE

Social media isn't about likes. It's about SALES. This blueprint shows you how to turn followers into customers and content into cash.

What you'll learn:

- The content formula that goes viral AND sells
- How to grow from 0 to 10,000 followers in 90 days
- Converting followers to buyers (the 80/20 rule)
- Paid ads strategy that returns 3-10x your investment
- Automation tools that save 20+ hours per week

THE VIRAL CONTENT FORMULA

THE HOOK-VALUE-CTA FRAMEWORK:

HOOK (first 1-3 seconds): Stop the scroll. Use curiosity, controversy, or shock.

VALUE (middle): Teach, inspire, or entertain. Give them a reason to stay.

CTA (end): Tell them what to do next. Follow, comment, click link, buy.

30-DAY CONTENT CALENDAR:

Week 1: Educational content (how-to, tips, tutorials) - builds trust

Week 2: Story/personal content (behind-scenes, journey) - builds connection

Week 3: Social proof (testimonials, results, case studies) - builds credibility

Week 4: Promotional (offers, products, services) - generates revenue

CONTENT MIX (per week):

3 educational posts | 2 engaging/fun posts | 1 promotional | 1 personal

INSTAGRAM STRATEGY

- Reels get 3x more reach than static posts - post 1 Reel daily
- Use 20-30 hashtags (mix of big, medium, small)
- Stories daily (polls, questions = algorithm boost)
- Collaborate with accounts your size for mutual growth
- Link in bio to landing page (not just your website)

TIKTOK STRATEGY

- Post 2-3x daily for first 30 days (algorithm testing)
- First 1 second = everything (hook or they scroll)
- Use trending sounds but make content YOUR niche
- Reply to comments with video (massive reach hack)
- Go live 2x/week (boosts all your other content)

FACEBOOK STRATEGY

- Groups > Pages (start or join niche groups)
- Facebook Ads have the best targeting for businesses
- Marketplace is free advertising for local businesses
- Video content gets 6x more engagement than text
- Retargeting ads: show ads to people who already visited your site

MONETIZATION: TURNING FOLLOWERS INTO DOLLARS

AT 1,000 FOLLOWERS:

- Sell digital products (ebooks, templates): \$500-2,000/mo
- Offer 1-on-1 services (coaching, freelance): \$1,000-5,000/mo

AT 10,000 FOLLOWERS:

- Brand sponsorships: \$200-1,000/post
- Affiliate marketing: \$500-3,000/mo
- Launch online course: \$5,000-20,000/launch

AT 100,000 FOLLOWERS:

- Major brand deals: \$2,000-10,000/post
- Your own product line: \$10,000-100,000/mo
- Speaking/appearances: \$5,000-25,000/event

PAID ADS: THE ACCELERATOR

Organic growth = slow and free. Paid ads = fast and profitable (if done right).

FACEBOOK/INSTAGRAM ADS STARTER:

Budget: Start \$10-20/day

Target: Lookalike audience of your best customers

Creative: Video ads outperform image ads 3:1

Funnel: Ad -> Landing page -> Email capture -> Nurture -> Sale

Goal: Spend \$1, make \$3-5 back (3-5x ROAS)

THE \$100 TEST:

1. Create 3 different ad creatives
2. Spend \$33 on each over 3 days
3. Kill the losers, scale the winner
4. A winning ad at \$10/day -> test at \$50/day -> scale to \$200/day
